

Workpiece stopper with magnetic base

With its built-in magnets the workpiece stopper gets fixed directly to a bench vice (for example) and applies for exact positioning of your workpiece. After clamping, it can simply be removed and releases the positioning surface for processing.

The FlexiMag version is also equipped with a flexible rotate and swivel mechanism and makes it possible to position in a wide variety of places.

Item-no.	Description	Shank	Holding force
003420001	FlexiMag - Workpiece stopper	Ø30	200 N
003420002	EasyMag - Workpiece stopper	Ø30	200 N
